

Academic Year 2019 - 2020	Total Fund Allocated - £16,880					
Primary PE & Sport Premium Key Outcome Indicator	School Focus/ planned Impact on pupils	Actions to Achieve	Planned Funding	Evidence	Actual Impact (following Review) on pupils	Sustainability/ Next Steps
Physical Education						
For all teaching staff to feel confident in teaching all areas of physical activity.	For teachers to be able to stretch all abilities in PE, including greater depth.	Identify areas that teachers are less confident in teaching and find courses for them.	£1000	Teaching staff of year 2 and year 3 were able to attend forest school at the John Lowther centre, alongside leaders from the centre itself. This allowed them to work alongside the leaders to deliver OAA sessions to the children. This supported them in becoming more confident at teaching and also gave ideas of what they could do for OAA at school.	Huge impact. Teaching staff feel confident in teaching OAA sessions. Children were able to go to the John Lowther centre and experience activities they hadn't done before. These activities included physical challenges, as well as wellbeing activities and survival skills.	Due to being granted the sports premium again next year, we wish to continue to attend these sessions at the John Lowther centre. We hope that over the course of the year, all year groups will have a chance to go, meaning all teaching staff will too. Teaching staff are to work alongside scouts leaders.
Formal Activity						
To increase the amount of club participators.	Children will be able to take part in clubs due to them being free. The children will have had training on skills which will get them ready to take part in festivals and competitions.	Sports teachers to hold clubs. Type of club will be chosen due to upcoming events.	£2000	This year, a total of 15 girls and 57 boys attended our clubs. Some of these were attendees of the free clubs we offered on a Tuesday, before and after school.	Many children attended the clubs and after speaking to them, showed they really enjoyed them. We offered a range of clubs, that focused on different skills, therefore the children had a variety of choice. Some children attended more than one club, meaning they were	This is sustainable for next year, and we will be able to offer the free clubs again on a Tuesday. My next steps are to have children and parents fill out a questionnaire to find information about why their child does or does not attend clubs already, what clubs they'd like to see. The aim next year will be to

					working on improving their skills in more than one area.	increase participation, which for us, would be to focus on girls and why very little have attended clubs this year.
Informal Activity						
<p>To ensure early years have opportunities for active play to happen in their outside classroom.</p> <p>To ensure playground equipment in maintained to encourage children to stay active.</p>	<p>Children using different skill sets due to new equipment.</p> <p>Maintaining the amount of children being active at break times.</p>	<p>To update and improve the outside area in the Reception and Year 1 classroom.</p> <p>To renew the football goal posts on the AstroTurf.</p>	£6000	<p>Reception and Year 1 outside area has been completed re-done. The outdoor area was becoming unsafe for the children to be in, which would have massively impacted the children's foundation skills in PE.</p> <p>New goals were put up on the astro-turf.</p>	<p>The Reception and Year 1 children can now continue to have their outside classroom as well as their inside classroom. This is where they are able to practise skills such as team work, spatial awareness, motor skills, co-ordination and control, balancing skills and many more. This is vital for these individuals.</p> <p>Football is the most popular sport in our school and although we encourage the children to play other games, we recognise that allowing the children to play football means many children are extremely active during their break times.</p>	<p>This will now continue to be a place for the children to use to practise all these skills. The next step will be to ensure the children have access to equipment to work on all of these skills regularly.</p> <p>The goals are strong and will not need to be replaced for many years. Next steps are just to continue to look after them and not misuse them. I will also look at what other games we can introduce and play, using the goals.</p>
Active Transport						

Allow children to have an equal chance of attending events.	Children that do not have a way of transport to events will be able to take part.	Offer a bus to certain events over the year.	£600	We attended 'during school time' events this year which we were able to transport the children to. Note: some events were to take place that did not due to Covid-19.	Children had the opportunity to take part in events they haven't had the option to before due to joining KSSP. (Such as gymnastics comp)	To continue to use part of the premium for transport as this certainly opens up the opportunity to attend the event to some children who wouldn't usually come.
Health and Wellbeing						
For children to increase their existing knowledge of their own health and wellbeing, and the health and wellbeing of others.	For children to understand how to look after themselves properly. Eg. Brushing teeth and healthy diets.	Finding fitness to come into school to teach all ages, age appropriate wellbeing sessions.	£5990	Finding Fitness delivered well-being sessions to the whole school over the course of the year. Note: due to Covid-19, some year group did not have this, although the sessions continued for the children that were in school.	Each year group received their age related well-being sessions. This stands alongside our PSHE and the children benefit greatly from it. Focusing on a wide range of topics from friendships to physical health.	Continue to have well-being sessions next year. This will be essential due to the children being away from school for so long. Many will feel anxious about coming back to school and these sessions will support these emotions.
Equipment						
For children to be able to practise skills that they feel less confident with.	For all children to have an equal chance at finding a sport they enjoy.	To purchase a range of sports equipment to allow children to have a go at sports they might not have previously.	£1300	New PE equipment was bought throughout the year.	Children were able to practise skills and had a wide range of choice of activity in PE lessons as well as break times and during clubs.	Due to Covid-19, a large order of PE equipment was not made. This will be made for next year as we can carry the money over.

Due to Covid-19, there will be some money that we will carry over to next year. The total amount of money we will carry over to next year is:

Academic Year 2018 - 2019	Total Fund Allocated - £16,880 Total saved from last year - £4000						
Primary PE & Sport Premium Key Outcome Indicator	School Focus/ planned Impact on pupils	Actions to Achieve	Planned Funding	Actual Funding	Evidence	Actual Impact (following Review)on pupils	Sustainability/ Next Steps
Physical Education							
To encourage more children to take part in events during school and after the school day.	More children are being active and learning new skills whether it's competitive or not.	PE Coordinator to attend meetings to arrange events and then to attend events with children participating.	£1000	£1000	PE Coordinator attended a meeting each term with other coordinators in the academy, where they arranged events. Events took place each term, involving all year groups at some point over the year.	Certain events were more popular than others but for each event we had some children attend from Rushton.	To promote the events further in advance and ensure that this is being embedded into PE lessons.
Formal Activity							
To increase the amount of club participators.	Children will be able to take part in clubs due to them being free. The children will have had training	Sports teachers to hold clubs. Type of club will be chosen due to	£2000	£2000	Each term, there has been a free morning club and a free after school club available for all children to attend. These	Lots more children are being active before and after school. These children may not have attended the	To continue to open up a free club for children to attend before and after school on a Tuesday. Make this club link with school events so children has practised these skills before festivals and competitions.

	on skills which will get them ready to take part in festivals and competitions.	upcoming events.			have been a lot more popular than the paid clubs.	clubs before due to cost. This has opened up opportunities for them to practise skills and improve their fitness.	
--	---	------------------	--	--	---	---	--

Informal Activity

To removed existing playground equipment and replace will new, challenging pieces.	For children to explore different skills through new equipment and also improve their strength.	The school council will choose equipment which helps to improve skills and strength such as balancing ropes and monkey bars.	£8641	£8641	New playground equipment was fitted.	The new equipment has challenging parts for all ages. It has allowed children from all year groups to increase their strength and balance.	N/A
--	---	--	-------	-------	--------------------------------------	--	-----

Active Transport

Allow children to have an equal chance of attending events.	Children that do not have a way of transport to events will be able to take part.	Offer a bus to certain events over the year.	£600	£600	Over the year, we have provided buses to transport the children to and from event.	Children that would not usually attend events due to transport issues have been able to take part.	To continue this next year so that all children have the equal chance of attending events.
---	---	--	------	------	--	--	--

Health and Wellbeing

For children to increase their existing knowledge of their own health and wellbeing, and the health and wellbeing of others.	For children to understand how to look after themselves properly. Eg. Brushing teeth and healthy diets.	Finding fitness to come into school to teach all ages, age appropriate wellbeing sessions.	£5990	£5990	Each year group has had one term's worth of lessons of wellbeing.	All pupils have an understanding of how they live a healthy life. Their learning this year has built on prior knowledge of last year.	To continue to have wellbeing lessons but as mixed age classes. This will allow them to have two terms each year for wellbeing sessions.
For children to recognise the link between being happy and being active.	For all children to have the same experience and be able to recognise that have goals to achieve and being active can lead to a healthy lifestyle.	Bike show for wellbeing and safety.	£650	£650	All year groups watch the bike show which took place on the playground. Children were able to ask questions involving skills, wellbeing and aspirations.	Children were highly influenced by the show and came away thinking about working hard/ practising skills leads to excellence, as well as leading a healthy life.	To refer back to this during wellbeing sessions next year – linking activity to healthy mind.
Equipment							
For children to be able to practise skills that they feel less confident with.	For all children to have an equal chance at finding a sport they enjoy.	To purchase a range of sports equipment to allow children to have a go at sports they might not have previously.	£2000	£2000	New footballs, tennis balls etc bought to use in PE lessons as well as playtimes and lunchtimes.	Giving the children the right equipment for each game played allows them to practise techniques properly and improve skills.	To take audit during the summer holiday, mid-year and end of year to ensure all equipment usable.

Academic Year 2017 - 2018	Total Fund Allocated - £16,880	Total spent – £12,680	Total amount overriding – £4200

They are taught to a high level and are introduced to key vocabulary.	Any courses teachers attend will feed back to all other teachers during staff meetings.
--	--	---	--	--	--	---	---

Formal Activity

Increased opportunities of physical activity.	More pupils taking part in sports clubs	Offer a free clubs before and after school.	£1900	£1900	Free clubs: Monday after school - Yoga Tuesday before school - Dodgeball Tuesday after school - Football	All clubs have been full, compared to before when there were sometimes a total of 6 children attending. Children are enthusiastic about the clubs which encourages more children to sign up.	To continue to offer the free clubs to the children. This has meant that some children are active for 3hours extra per week.
---	---	---	-------	-------	---	--	--

Informal Activity

Increase in the children's activity during school time.	Encourage children to be more active on the playground, all year round, during break time and lunch time.	Change some of the field into Astro-Turf so that children have more space all year round. Football etc can still take place. Improve the outdoor equipment on the playground.	£9520	£5320	Astro-Turf has been fitted and there is a rota which ensures all children have a chance to play sports on there each week.	Children have been able to take part in football games etc throughout.	The school council will look at the rota on a regular basis and will ensure that all classes have opportunities to play different games on there throughout the year.
---	---	--	-------	-------	--	--	---

Active Transport							
Increased number of children attending sporting events.	Children will be able to travel to events.	Offer transport to sporting events held with other schools in the academy.	£290	£290			
Health and Wellbeing							

Increased understanding of leading a healthy and happy lifestyle.	Children talking about feelings and eating healthy snacks and lunches.	Children taught wellbeing sessions from Fun Fitness.	£1900	£1900	Finding fitness have taught 1 session per week. Each term 'Wellbeing' has been taught to a different year group and adapted for their age.	Following an observation, it was clear that the children have a fantastic understanding of eating healthy, knowing exactly how much salt and sugar they should have a day, and what too much of these could cause the body.	
Equipment							
To reward children when taking part in physical activity including competitions.		Buy medals and certificates.	£141	£141	Children given certificates or medals when they have taken part in festivals and competitions.	The children know what they have achieved and are encouraged to take part in more events.	Continue to do this next year.
Ensure equipment is available for a range of sports.	Children are exposed to a range of types of games.	Take audit and order equipment needed.	£2229	£2229	Audit taken and new PE equipment was ordered. A new maypole was bought for the	The children in Year 6 have been able to learn country dancing using the maypole. All children have	Audit next year and keep the equipment to a high quality. A lot of balls go missing due to the school being very close to housing, so ensure there are always enough balls for a skills lesson in PE or club.
					children to use when dancing.	been able to practise skills due to having enough equipment for a whole class at a time.	

Academic Year 2016 - 2017	Total Fund Allocated - £8475						
Primary PE & Sport Premium Key Outcome Indicator	School Focus/ planned Impact on pupils	Actions to Achieve	Planned Funding	Actual Funding	Evidence	Actual Impact (following Review)on pupils	Sustainability/ Next Steps
Physical Education							
Increased confidence and knowledge of all staff teaching PE.	Pupils engaging in all aspects of sport, covering all requirements of the national curriculum.	Coaches to teach PE alongside the teacher.	£5320.00	£5320	Staff planning showing a wider range of PE being taught.	Children have taken part in a range of activities such as gymnastics, dance and invasion games.	Continue to send staff on suitable training days to keep teaching fresh and new.
Increased knowledge of subject leader in teaching PE and demonstrating safe practice.	Pupils using a range of equipment safely.	Subject leader to attend training and lead back to all other teaching staff.	£730.00	£730.00	Subject leader held staff meeting to all teaching staff and informed them of safe practice.	Staff have taught children how to move and use equipment properly.	Remind staff of the 'teaching PE and safe practice' book and policy.
Formal Activity							
Increased opportunities of physical activity.	More pupils attending a morning clubs.	Set up a free club, open to all children.	£320.00	£320.00	Morning club ran by Fun Fitness, available to all children.	Children have attended the club that didn't attend beforehand.	Try to encourage these children to continue the club. Look at setting up another free club.

Increased number of children taking part in sport events, some being competitive sports.	Encouraging more children to take part in school events.	Sign up to events during school time, as well as afterschool events.	£300.00	£300.00	Rushton attended events every half term, including Tri-Golf and Athletics which were during the school day.	Lots of children attended the Athletics event who had not been to events before.	Try to encourage more children to take part. Chd who attended events this year can advertise in assemblies.
Informal Activity							
Increased opportunities for active play in early years.	More children being physically active during free flow.	Buy new equipment to engage and increase opportunities for activity.	£100.00	£100.00	More equipment was bought, which can be found in the outside area of Reception and Y1 class.	Children in Reception and Y1 are practising their balancing, aiming and coordination skills during free flow.	Set a small amount of money to buy more next year which will increase skills.
Active Transport							
Increased % of children confidently using active choices of transport.	More children using bikes and scooters to travel places.	Children to attend Bikeability. Bikes and balance scooters available on the playground.	£530.00	£530.00	KS2 attended Bikeability at Rothwell Juniors. KS1 have balancing scooters for their outside area.	A group of KS2 children have learnt how to ride their bikes safely on the road, allowing them to travel by bike.	KS2 will be offered the chance to take part in Bikeability again next year.
Health and Wellbeing							
Increased understanding of leading a healthy and happy lifestyle.	Children eating healthy lunches and knowing how to take care of themselves.	Children taught about the importance of balanced diets, physical activity sleeping.	£1175.00	£1175.00	Children produced work for display about healthy lunch boxes, showed their lunches at dinner time and stopped bringing sweets on birthdays.	Children all joined positively to the healthy eating challenge. Children understand that a balanced diet is a healthy diet.	Continue to teach about balanced diet and activity in classes. Give wellbeing sessions to the whole school. One year group per half term.

Academic Year 2015 - 2016	Total Fund Allocated - £8395
